Summary:

I am crafting a career in programming and am currently participating in a programming mentorship. Additionally, I am studying computer science through Harvard CS50 classes and Stellenbosch University in partnership with the Hyperion Dev Full-Stack web Development bootcamp. I have experience running a photography business and providing high-quality imagery for wedding and commercial clients. I am proficient in A+ and N+ and skilled in using Adobe Photoshop, Adobe Premier, and Canon cameras. As a highly motivated and creative professional with a strong background in design and IT, I am confident in my abilities.

Education:

- Stellenbosch University Hyperion Dev Full Stack Web Development Bootcamp
- Harvard CS50 Computer Science
- A+ and N+ Qualifications, CTU Training Solutions, 2011
- Digital Photography Diploma, The Photography Institute, 2011
- Graphic Design and Adobe suite certificate, CTU Training Solutions, 2012
- Financial Investment Analysis Mentorship, 2018-2021

Experience:

- Programming Mentorship, 2021-present
- Remote Graphic Design and Branding Specialist, SelfieBox 2022-present
- Inhouse Graphic Design and Branding Specialist, SelfieBox, 2016-2017
- Freelance Graphic Designer and Photographer, 2013-2016

Skills:

- Programming: HTML, CSS, JavaScript, MERN Full Stack
- IT: A+ and N+ hardware and software, MS office
- Design: Adobe Photoshop, Adobe Premiere Pro
- Photography: Wedding, Commercial, Street, Fine Arts
- Financial markets: Trade/Investment Analysis

Whats next for Luke:

- TensorFlow: Understanding and Implementing Machine Learning
- OpenCV: Working with Computer Vision
- Python: Usage and Manipulation of Libraries for Advanced Gesture Control
- Next.js: Using and controlling 3D elements in Web Environments.
